DETAILED ACTION

Election/Restrictions

1. Applicants' Preliminary Amendment is acknowledged. Claims 1-26 have been cancelled. Claims 27-57 have been added.
2. Claims 27-57 are pending.
3. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Claims 48, 49, 50, 54, 55, 56 and 57 are drawn to multiple special technical features, i.e., protein, DNA, and antibody. Therefore, the claims are included in multiple Groups. Upon election of a Group, these claims will be drawn only to the elected special technical feature.

Group I, claims 27-43, 48, 49, 50, and 54-57,	drawn to protein and methods of use.
Group II, claims 44, 45, 48-50, and 51-57,	drawn to DNA and methods of use.
Group III, claims 46-50 and 54-57,	drawn to antibody and methods of use.

The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding

Art Unit: 1645

special technical features for the following reasons: each group is drawn to a different special technical feature. Group I is drawn to protein as its special technical feature. Group II is drawn to DNA as its special technical feature. Group III is drawn to antibody as its special technical feature.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
